

# **ADDENDUM TO NURSING ADMISSIONS as of 9/22/15**

TEAS Test will no longer be required effective fall 2016.

ACT Composite Score of 18 will be required within past five years effective fall 2016.

MTH 110 will be required effective fall 2016 instead of MTH 100.

ACT Score will replace TEAS score in the point calculation. MTH 110 will replace BIO 220 in coursework points. Thus, the possible points will be

ACT	36
College Coursework Points for MTH 110, BIO 201 and BIO 202	90 (Maximum of 30 points for A in each course)
CACC Points*	11
TOTAL Points Possible	137

\*If the student has completed MTH 110, PSY 200 and BIO 201 at CACC, five points will be awarded. If the student has completed MTH 110, PSY 200, BIO 201, ENG 101, PSY 210, BIO 202 and SPH 106 or 107 at CACC eleven points will be awarded.

Calculation of points for high school credit will remain as is under the ADN program.

All the applications will use the same calculation of points; thus, there will not be a separate point calculation for the PN program.

American Heart Association Health Care Provider CPR will be required but will not be required as part of the admission requirements.
