## Welcome to **Student Support Services** at **Central Alabama Community College**.

As a federally funded TRIO program, the SSS departments are located on the Alexander City and Childersburg Campuses. Our mission is to provide an array of academic support to first-generation students who meet the eligible income requirements (within federal guidelines), or have disabilities. Our services are designed to increase student retention, graduation, and transfer rates by promoting student development through opportunities to grow personally, academically, and professionally. The SSS program at CACC continues to empower students step-by-step.
