A NOTE ABOUT SECURITY AND THE ELECTRONIC TRANSCRIPT AND DIPLOMA:

- The electronic transcript and diploma are protected by security features that prevent them from being altered or forged
- When the electronic transcript and diploma are printed, they will say “Printed from an official copy.” This is similar to how the old transcripts could not be photocopied for security purposes.

If you are assisting the test-taker in downloading official copies of their electronic transcript and diploma, save these files for your test-taker in the Cloud, on a jump drive, or computer desktop. You can also send them to the test-taker’s email address for use when applying for jobs, training, or college.
